

RIMONE for HOTELS & RESTAURANTS

We are specialized in building robust EV Charging solutions for our clients - from the installation of chargers to their use by end customers. We make sure that EV charging becomes convenient, reliable & affordable for EV users. Our solution will help companies to achieve their sustainability goals and a step towards mobility.

GOVT. GUIDELINES

As per MoHUA, by the amendment of Building Bye Laws-2016 for EV Charging Infrastructure in Feb 2019, at least 20% of the parking must be provided with an electric vehicle charging facility.

Non-Residential

Residential
